

For Immediate Release

MILLION® BEVERAGE TO INTRODUCE THEIR LINE OF PREMIUM GREEN TEAS TO THE SOUTH FLORIDA MARKET

Official kick-off will be Nov 9-10 at the Americas Food and Beverage Show in Miami Beach.

CORNELIUS, NC (November 7, 2009) - MILLION® Beverage, LLC is pleased to introduce MILLION® Premium Green Tea to the South Florida market. MILLION® is a premium-brewed green tea that delivers a potent blend of essential vitamins, nutrients, and antioxidants without the sugar, carbohydrates, calories or sodium found in most other teas and beverages. Offering unique grape-pomegranate and orange-mango flavors packaged in striking 16-ounce bottles, the crisp and refreshing taste of MILLION® Premium Green Tea supplies the basic key ingredients your body needs.

“South Florida is thriving with people of all generations dedicated to living healthier lives. As more and more people lose tolerance for high sugar-based teas, sodas, and energy drinks, we anticipate MILLION® Premium Green Tea to become a leading competitor among products for a healthy lifestyle,” says Robert Ruberti, MILLION®’s co-owner. “The superior positioning in the beverage industry makes the MILLION® brand a natural fit with the dynamic South Florida culture.” Loaded with a healthy fusion of uncompromising ingredients, including the Acai berry- the world’s most powerful and nutritious superfood, MILLION® Premium Green Tea is in a league of its own.

Along with the natural health benefits provided only by green tea, one bottle of MILLION® contains fifty percent of your recommended daily values of vitamins A, B3, B5, B6, B12, C, D, and E, as well as folic acid.

“We are very excited to be included in the Americas Food and Beverage Show, and to use this opportunity to make our introduction to the South Florida market. Encompassing so many diverse demographics, South Florida is a place like no other and we look forward to establishing business relationships with other industry leaders in the North, South, and Latin American markets,” states Ruberti.

MILLION® Premium Green Tea will be available at retail stores, restaurants, and country clubs throughout South Florida. In addition, special debut events for MILLION® will take place in the coming months in some of America’s most targeted destinations, such as Dallas, Atlanta, Las Vegas, Los Angeles, and New York City.
